EDUCATION

Hemwati Nandan Bahuguna Garhwal University

Bachelor of Science (Honours) in Horticulture

Uttarakhand, India

Oct 2022 – June 2026

EXPERIENCE

Project Lead – Organic FMCG Product Marketing 

Sept 2025 – Dec 2025

Dr. D.K Rana (HOD), HNBGU

Uttarakhand

- Developed and launched organic FMCG products including pickles, fruit juices, jams, preserves and chutneys while managing product positioning, packaging development, pricing strategy, and multi-channel marketing campaigns
- Conducted market research and executed WhatsApp, banner, poster, and promotional campaigns, increasing customer engagement by 30% and achieving 65% ROI on project investment

Project Lead - Nursery Production & Marketing 

Aug 2025 – Dec 2025

Dr. Kh. Naseeruddin Shah (Assistant Professor), HNBGU

Uttarakhand

- Led nursery production and marketing operations for vegetable, fruit and ornamental plants while ensuring product quality, customer targeting, and local market outreach
- Designed and executed offline and WhatsApp-based promotional campaigns, generating 80% ROI, 30% customer response rate, and 17% repeat purchases through targeted customer engagement strategies

PROJECTS

Ecommerce Marketing Performance Dashboard | *Power BI, DAX & Excel* 

May 2026

- Developed an interactive Power BI dashboard to analyze ecommerce revenue, customer segments, regional sales trends, and return patterns using KPI-based visualizations
- Applied DAX calculations, slicers, and trend analysis to generate actionable business insights for sales monitoring and marketing performance optimization

GA4 User Behavior & Conversion Analysis | *Google Analytics & Excel* 

Apr 2026

- Analyzed ecommerce traffic sources, user engagement, and conversion funnels using Google Analytics 4 to identify customer behavior trends and conversion drop-offs
- Delivered data-driven recommendations for improving landing page performance, channel ROI, and customer engagement strategies

Consumer Online Purchase Behavior Study | *Market Research & Data Analysis* 

Mar 2026

- Conducted primary market research (n=113) and statistical analysis to evaluate factors influencing online purchasing behavior and ecommerce platform preferences
- Generated consumer insights using correlation, regression, and data visualization techniques to identify key drivers affecting online buying decisions
